

An Informative Three-day Seminar:

MIOSHA General Industry 10-Hour +

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. This course is a MTI Level One course. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

In today's challenging business climate, many employers are faced with the need to have their employees be able to perform new or multiple job functions. As personnel shift to accommodate business needs, it is essential to have staff understand the importance of safety and health management and the underlying effect it has on business. In three days this fundamentals course offers the resources and tools to create or enhance an effective safety and health management system, a review of the MIOSHA Act, and highlights of many key General Industry Safety and Health Standards.

Topics including elements of a comprehensive safety and health system, recordkeeping, accident investigations, inspections and citations, written program requirements, introduction to industrial hygiene, respiratory protection, hearing conservation, bloodborne infectious diseases (BIDs),

Required Class for
General Industry
Level One
MTI Certificate

Facilitator

Anthony Neroni was promoted to Occupational Safety Consultant with the Consultation Education and Training Division in January 2003. He has been with the State of Michigan since 1984, including: six years with the Michigan Department of Transportation, 13 years as an Occupational Safety Inspector with MIOSHA, and his last two and a half years as Senior Safety Officer. Senior officers are used on more complex cases and are instrumental in training and coaching other safety officers. Anthony's previous experience includes ten years of service as a machinist, operating various metalworking machines.

Anthony has excellent knowledge of the General Industry Safety Standards and has also received additional certified training in many other areas.

Presenters: Anthony Neroni and John Bodnar, Occupational Safety Consultants; and Curtis Johnson, Industrial Hygienist; MIOSHA, CET Division
